

# BUILDING TOGETHER

A SPIRITUAL GROWTH CAMPAIGN

## Week 4

Read Matthew 7:7-12 and review Pastor's sermon notes.

What is prayer? Why should we pray?

Let's talk about consistent prayer, persistent prayer and honest heart felt prayer. Read Luke 18:1-5

### Talking Points

Prayer isn't to inform God of what He may not know, but to awaken ourselves to seek Him alone as our hope and expectation. Prayer is to exercise our faith in Him and meditate on His promises while laying our anxieties at His feet. Prayer is conversational, in fellowship with a loving Father that desires communication with His children. Prayer should be God centered recalling His character and asking Him to act on our behalf. The fundamental difference in the types of prayer is in the nature of our request.

What are various types of prayer? What does your prayer life say about how you see God?

Are you content in your current prayer life? How do you think you might change what you struggle with? Try keeping a prayer journal for the five weeks.

\*If you have time spend time in prayer before ending the meeting.
